

## Proprietary Schools Licensed in Louisiana

Legislative Act 311 of 1972 provided for the establishment of the Advisory Commission on Proprietary Schools, its membership, powers and duties; the licensing and regulating of schools selling courses of instruction in the state, including all persons selling such courses; the procedures thereof and the penalties for all violations. Proprietary Schools are referred to as those classified nonpublic, which sell or offer for sale mostly post-secondary instruction which leads to an occupation. All approved schools are bonded and have complied with the provisions of the law. Application must be submitted annually with final approving authority vested with the Louisiana State Board of Regents.
